After two decades in business, Gentec International remains a strong and unique presence in Canada as the largest consumer accessories supplier. Since our inception in 1990, our sales have grown by over 650%.

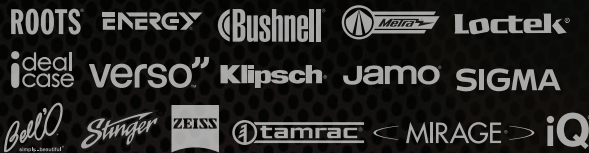

Our successes are largely due to our strong environment of partnership; not only with our staff, but also suppliers, customers and the consumer. We have received numerous awards from our business partners, both from our suppliers and customers alike.

For five straight years we have been designated as one of Canada's 50 Best Managed Companies by Deloitte & Touche. We are proudly Canadian, offering cutting edge products for the Digital Imaging, Electronics, Mobile, Audio Products, Sport Optics and Car Audio markets.

Gentec provides partnership with added value:

- Channel marketing strategies for maximum profitability
- Products backed by the best fill rate, sales support and service in Canada
- Powerful, consumer-friendly packaging and support materials
- Top quality products with industry – leading performance guarantees

Gentec offers a variety of prominent brands, including:
