

Manfrotto
Imagine More

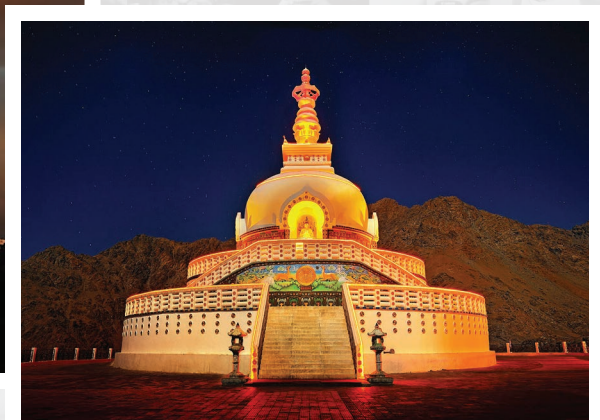

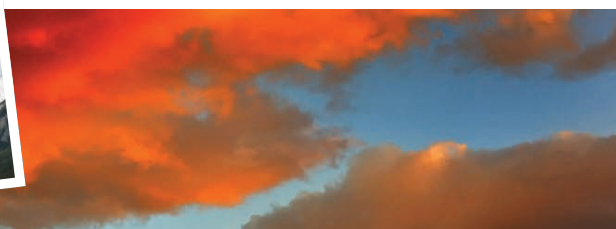

Professional photographer Kristian Bogner trusts Manfrotto to help him get the shot.

Kristian Bogner is a world-class professional photographer who has trusted Manfrotto to help him create award-winning images for more than twenty years.

With their rugged construction, innovative design, and exceptional performance, Manfrotto tripods let Kristian push the limits of his creativity, whether he's shooting extreme sports, fashion, architecture, landscapes, or any other photographic opportunity that comes his way.

Visit the Manfrotto Canada website and click on the **PRO PHOTOGRAPHERS** link to see some of Kristian's impressive images.

DESIGNED AND MANUFACTURED IN ITALY

Manfrotto offers an extensive range of tripods, heads, and lighting support equipment that reflects the highest standards of quality and performance. Whether you're a pro or just getting started, Manfrotto will help bring you closer to achieving your creative vision.
